Self-closing Patch Fittings Set

Standard Duty EN3 Including PT20 PLUS patch fitting and top pivot. The entire technology of the Self-closing Patch Fitting is housed in a subtly designed fitting. A floor recess is therefore not required in contrast to conventional floor-mounted door closers. It is assembled by simply screwing the base plate onto the existing surface. Bohle's self closing patch fitting has been tested to European standards for long durability and excellent functionality in accordance with DIN EN 1154.

Tested as per DIN 1154 with 500,000 cycles. For averagely frequented buildings. Variable closing speeds. Can be used with stopper. Door width 750 - 1000 mm. For interior as well as exterior use. Max. door height 2500 mm. Max. door weight 100 kg. Adjustable zero position $\pm 4^\circ$. Glass thickness tempered glass 10 - 12 mm. Adjustable closing speed 150° - 10° / 10° - 0°. Ambient temperature -20° - +50°C
